

The iconic.

The modern glass-and-steel pyramid at the Louvre keeps on making a stunning artistic impression—thanks to the colorful protection of DURANAR® coatings by PPG. For five decades, we've been helping the most important structures in the world stay beautiful and well-protected against the threats of sun and corrosion. **To see all the ways we can help your buildings, visit duranar50.com.**

CELEBRATING **50 YEARS** OF DURANAR COATINGS
